

## Hattebækken i Tjærehaverne

d. 18. marts 2000, DBF Fynskredsens mosekursion  
+ d. 20. april 2002, Bryologkreds II's forårsekskursion

### Rindende vandløb med stenkanter i løvskov

|                            | 2000 | 2002 |
|----------------------------|------|------|
| Amblystegium serpens       | x    |      |
| Amblystegium varium        | x    | x    |
| Atrichum undulatum         |      | x    |
| Brachythecium plumosum     | x    |      |
| Brachythecium populeum     | x    |      |
| Brachythecium rivulare     | x    | ?    |
| Brachythecium rutabulum    | x    | x    |
| Cratoneuron filicinum      | x    | x    |
| Eurhynchium angustirete    | x    |      |
| Eurhynchium striatum       | x    | x    |
| Fissidens adianthoides     | x    | x    |
| Fissidens bryoides         | x    | x    |
| Fontinalis antipyretica    |      | x    |
| Grimmia hartmanii          | x    |      |
| Grimmia trichophylla       | x    |      |
| Homalia trichomanoides     | x    | x    |
| Hygroamblystegium tenax    |      | x    |
| Hypnum cupressiforme       | x    | x    |
| Isopterygium elegans       |      | x    |
| Isothecium myosuroides     | x    | x    |
| Isothecium myurum          |      | x    |
| Mnium hornum               | x    | x    |
| Mnium stellare             | x    | x    |
| Neckera complanata         | x    | x    |
| Neckera pumila             | x    |      |
| Oxyrrhynchium praelongum   | x    | x    |
| Oxyrrhynchium schleicheri  | x    | ?    |
| Oxyrrhynchium swartzii     | x    | ?    |
| Plagiomnium affine         | x    |      |
| Plagiomnium undulatum      | x    | x    |
| Plagiothecium denticulatum | x    |      |
| Plagiothecium succulentum  |      | x    |
| Pleuridium subulatum       | x    |      |
| Rhizomnium punctatum       | x    | x    |
| Rhynchostegium riparioides | x    | x    |
| Thuidium recognitum        | x    |      |
| Thuidium tamariscinum      |      | x    |
| Conocephalum conicum       | x    | x    |
| Lophocolea heterophylla    |      | x    |
| Metzgeria furcata          | x    | x    |
| Pellia epiphylla           | x    | x    |
